

Luckily, Little Bat disappeared from view, gobbled up a few mosquitoes on the way and finally recognized a familiar meadow. He whizzed above the cloud of the smoking fire and flew right into the cave.

Exhausted, but delighted, he hung onto the stone shelf and fell asleep. But he managed to hide his sunglasses in case he decided to go wondering around sometime in the future. He had not been to the cinema yet...

Netrvalo dlho a za netopierom sa hnalo celý huf ľudí.

Ujkovia a tetky, ba aj veterinár v bielom plášti, zubár, pekáč, mäsiar, policajti, hasiči, a tak sa zdalo, že celé mesto za ním prášilo. Akiste podaktorí ani netušili, za kým vlastne bežia.

Našťastie, netopierik sa im čoskoro stratil z dohľadu, zhltoľ zopár komárov a konečne uvidel známú čistinku. Prefrčal ponad vyhasnuté ohnisko a vletel rovno do jaskyne.

Unavený, ale šťastný odvisol na skalnej polici a po chvíli zaspal. Ale ešte predtým si bezpečne schoval svoje okuliaričky. Čo ak sa mu znovu zachce trochu potúlať? Ani v kine ešte nebol...

## Zombies

“Aaaaahhh!” Hugo shouted as if going crazy. He was running from school as fast as he could and now he is lying in the pit.

As usual, he wanted to take a shortcut home again. He climbed over the fence of the cemetery and jumped over some old graves when suddenly, out of the blue, the ground slumped beneath his feet and he fell through.

“Oh dear, who’s screaming?!” a feeble voice yelled into his ear.

Hugo almost fainted out of fear. He shivered a little from the cold, suddenly a true knight appeared in front of him in iron armour. You could see him frowning through his helmet.

“I bumped my head and now I have hallucinations,” thought Hugo. He had to rub his eyes smeared with clay. He tried to push the knight away, but felt nothing. He only touched an empty space.

The apparition in front of him removed his helmet from his head and yawned loudly.

“Whooooo aaaaaare youuuu?” the boy stammered and his hair stood on end.

“I am a valiant knight of the Upper Land. And who are you?”

“Huuugooo,” he said with difficulties.

“Who is chasing after you? Tell me and I’ll pierce him with the sword!” the knight heated and his armour creaked.

The boy was convinced that he was dreaming. “Nobody,” he quietly uttered the words and the knight began to swing his huge sword in all directions. But he was kind of transparent. Definitely, he was not made of flesh and blood.

Hugo, with his hair standing on end, stretched out his hand, which passed through the armour easily and he pulled it out quickly. It was as if he plunged into ice bath.

## Zombíci

„Áááááá!“ kričal Hugo ako divý. Bežal zo školy, čo mu sily stačili, a odrazu ležal v jame.

Tak ako vždy, aj tentoraz si chcel skrátiť cestu domov. Preliezol cez plot cintorína, preskočil zopár starých hrobov, keď sa mu z ničoho nič pod nohami prepadla zem.

„Prepánajána, kto to tu tak vrieska?!“ zručol mu do ucha chriplavý hlas.

Hugo len-len že neomdlel od strachu. Máličko ho striaslo od zimy a vtom sa pred ním zjavil ozajstný rytier v železnej zbroji. Aj cez prilbu bolo vidno, ako sa mračí.

„Udrel som si hlavu a teraz mám vidiny,“ premýšľal Hugo. Musel si pretrieť oči, pretože ich mal zamazané od hliny. Skúsil rytiera odstrčiť, ale neucítil nič. Sial len do prázdna.

Vidina pred ním si sňala z hlavy prilbu a hlasito zívla.
